

Study abroad Aberdeen

Study abroad programme

Undergraduates enrolled at a recognised international college or university can spend spring or fall term, or a full academic or calendar year at the University of Aberdeen.

With more than 60 subjects on offer, there's a great choice of classes.

We've been welcoming students from around the world for over four decades, and make sure the process is as easy as possible, from the initial application, through to registering for classes and orientation.

You'll receive a transcript of your classes for your home university. From Anthropology to Zoology, most of our undergraduate courses are available to visiting students.

Study abroad students are assessed alongside full time degree students. This usually comprises a combination of continuous assessment, mid-term assignments, and an end of term examination.
